

HOUSE OF INSPIRATION

BE SAFE CONCEPT

BE SAFE

Last year has brought about a major change in the way we go about our daily lives, our work and how we look towards the future. This also has an impact on the products we use in our daily lives; products that were completely unknown to us several months ago are now part of daily life. For companies looking for branded products to give to their business partners and staff as giveaways or corporate gifts, this opens up a new category of products and opportunities for branding as well. The Be Safe Concept has been developed especially for this new category in promotional and corporate gifts. When you want to help your staff to stay safe or you want to give your business partners a corporate gift that shows you care, the Be Safe Concept will offer you the right products. With different options from customisable face masks to anti-microbial hygiene keys, the products in this collection are all suitable for today's socially distanced society.

HYGIENE

BE SAFE

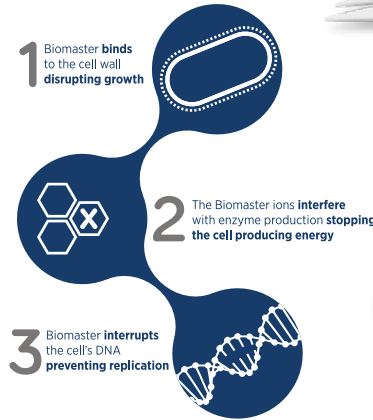

In 2020 we learned the importance of staying safe by preventing microbe growth as much as possible, in our daily lives. Using hand gels and soap to keep our hands clean has become a habit but we're also realising that our everyday products can carry risk as well. This has led to a range of products that are antimicrobial or products that eliminate microbes by using UV light. These products have become popular gifts for companies to give to staff and business relations. Showing you care for people's health and safety is essential in this day and age. And these products are still designed to be branded with a company's logo!

KEY

The made-in-Europe range of "Pure" items has 'antimicrobial protection' due to the addition of Biomaster technology. Biomaster (manufactured by Addmaster) is proven to inhibit the growth of bacteria by up to 99.99%. The active antibacterial technology is built into the product during the manufacturing process. It binds to the cell wall and disrupts the growth of harmful micro organisms such as bacteria and mould for the useful lifetime of the product. The addition of Biomaster to a range of PF Concept products does not affect the product's function, branding options, smell and taste or its end-of-life recyclability!

BE SAFE

Working from home has become the 'new' normal. Online meetings, children popping up during a call, cats on keyboards, we have all been there over past months. And it will stay. The balance between working in an office and working from home has changed forever. This is also reflected in corporate gifting, which has become more personal. Onboarding kits are sent to a home address and a goodie bag for a conference is now more likely to include true wireless earbuds. Working from home products can support a company's strategy as well as any other gift. Whether you choose more sustainable products or you opt for a corporate look, make sure your staff can work from home as well as from the office.

CERTIFICATES & REGULATIONS

To sustain the highest level of quality management and legal compliance for our safety and first aid products demands a strict self-monitoring security system. We are therefore also by nature obliged to stay alert with any changes in all required legislations worldwide and keep all our ISO and EC certifications as well as product registrations updated. We follow the PPE guidelines on application of Regulation (EU) 2016/425 of the European Parliament and of the Council for Personal Protective Equipment.

PPE stands for (Personal Protective Equipment). Equipment designed and manufactured to be worn or held by a person for protection against one or more risks to that person's health or safety.

New PPE Regulation (EU) 2016/425 in effect by April 21, 2019. As of April 23rd, we have all our standard reflective products and garments updated according to the new PPE regulation (EU) 2016/425. EC type examination certificates and approvals issued under Directive 89/686/EEC will remain valid for sales purposes until April 21, 2023, unless they become invalid before that date.

YOUR FINISHING TOUCH

Custom decoration is a great way to reinforce your brand identity. Especially if, as shown throughout this catalogue, you apply it to multiple items. A wide choice of quality techniques, including the impressive new textile method HXD, means you can get both the look you want and the quality you need.

Whether you prefer cool and subtle, distinctively stylish or to boldly grab attention, you can rely on us for expert service. Feel free to ask us for advice and inspiration.

HXD

Unique decoration method • Add dimension to a logo • Perceived value of Embroidery combined with colour range and detail of True Edge Transfer • Durable • Available for a wide range of garments • Max print area: 100 x 75 mm

LASER ENGRAVING

Create a high-class impression • Unique tone on tone • Best on mid-range colours • Unlimited washability

PADPRINT

Great all round cost effective solution • Can be applied on virtually any shape • Suitable for any surface texture, including soft products like stress balls • Perfect for multi coloured logos • Fast and economical

DIGITAL PRINTING

Perfect for multi coloured logos • Create a unique effect with matt, gloss or embossed finishes • Strong resistance to fading or damage • Ideal for small quantities • Can only be applied to flat or slightly curved surfaces

DEBOSSING

Striking 3D appearance • Subtle tone on tone look • Great for real and imitation leather products • Ideal for waterproof fabrics • Unlimited washability

DOMING

Create a 3D effect • Strong resistance to fading or damage • Can only be applied to flat surfaces

EMBROIDERY

Classic decoration technique • Suitable for both flat and irregular surfaces • Tread colours to match any logo • Up to 12 colours per embroidery • Perfect for left/right chest and left/right bicep

INFUSION

Create an untouchable decoration with razor sharp detail • Offers a comfortable, breathable decoration • Offers unlimited colours for one set up

TRANSFER

Ideal for fabrics • Perfect for logos with many colours • Allows for extreme detail like small text • Economical solution for multi colour printing or smaller quantities • Maintains integrity of waterproof fabrics

SUBLIMATION

Premium full colour photorealistic prints • Suitable for polyester fabrics (minimum 60% polyester) and polymer coated products • Soft, flexible imprint that can even be applied over seams and zips • Decoration is resistant to fading and cracking • Only suitable for white products

SCREENROUND

Long lasting results • Apply sharp, high quality decoration on curved products • Economic choice for large quantities • Multi colour decoration available on a selection of pens • Ideal for text

HOTSTAMPING

Exceptional superior impression • Ideal for real and imitation leather product • Available in silver and gold finish

SCREENPRINT

Long lasting results • Good cost effective solution for larger quantities • Allows single and multi colour decorations • Great choice for a distressed look and feel • Can only be applied to flat surfaces

DIGITAL STICKER

Excellent print quality and details • Regularity of sticker shapes • 50cm2 max size • 4 days lead time from e-proof approval
